TRANSMITTAL OF SUBSTITUTE SPECIFICATION

Dear Sir:

Transmitted herewith is a (1) Substitute Specification
and (2) marked-up version of the Substitute Specification.

The Substitute Specification was prepared and is filed
for the purpose of correcting the text of the English language
translation of International patent application PCT/EP2004/013447
that is submitted herewith. The translation, a literal
translation of the International application that was prepared in
the German language, contains numerous grammatical and
syntactical errors that would unnecessarily complicate the
examination of this application.

No new matter is added by the Substitute Specification.

The marked-up version indicates changes from the literal English language translation of PCT/EP2004/013447 by ~~strikeout~~ (deletions from literal English translation) and underline (additions to literal English translation).

Respectfully submitted,

Elliott N. Kramsky
